# GMU About US

Grace Mission University is a distinguished and forerunning evangelical institute with unwavering commitment in Jesus Christ to equip future ministry leaders. GMU is committed in academic excellence founded on Biblical Theology and focuses on student's development of character and spiritual maturity. To prepare the arising new generation of Korean-American ministerial leaders, GMU launched a new English Track Program. The benefit of this cutting edge pioneering program is that it exclusively addresses both text, the Bible and theology and context in the Korean-American church and/or ministry setting.

Understanding the contemporary Korean-American church and ministerial demands and needs, GMU endeavors to provide highest quality of educational and spiritual experiences through a solid biblical curriculum and actively engaged faculty who are forerunners in the ministry and the scholarship.

GMU was founded in 1995 with a mission to equip and train ministry leaders to live and evangelize as disciple of Jesus Christ to fulfill the Great Commission (Matt. 28:19-20).

GMU holds institutional accreditation by Association of Biblical Higher Education (ABHE) and Transnational Association of Christian Colleges and Schools (TRACS). Currently GMU holds an associate member status with Association of Theological Schools (ATS).

It is also our desire to make Christian higher education accessible and affordable to our students. For those students who demonstrated and meet the financial need define by the federal government may qualify for the federal student aid, including Pell Grants for undergraduate students and Direct Loan for graduate students.

Our distinguished faculty are committed and dedicated in our students' learning and spiritual development during their theological training at GMU. We want to extend our warmest invitation to you to join our collegial, intellectual and spiritual community and discover God's calling in your life.
